Gulgasht Colony, Multan Pakistan | [masadulah1206@gmail.com](mailto:masadulah1206@gmail.com) |

Flutter Developer with a focus on building high-quality mobile apps, eager to tackle dynamic challenges and apply clean architecture principles. Skilled in RESTful APIs, Firebase integration, and efficient state management with GetX. I have demonstrated proficiency in scalable app development, user-centric problem-solving, and seamless collaboration across cross-functional teams.

### AREA OF EXPERTISE

Flutter Development	RESTful APIs	Clean Architecture
Firebase Integration	State Management	Responsive Design

### KEY ACHIEVEMENTS

- Developed a cross-platform library management app that won 1st place in a university competition
- Delivered 5+ freelance projects in Flutter and Node.js, achieving 100% client satisfaction rate.
- Optimized mobile app performance, reducing app load time by 30% through efficient API handling and code refactoring.
- Integrated Firebase services (Authentication, Firestore) into Flutter apps, enhancing security and real-time functionality.

### PROFESSIONAL EXPERIENCE

#### Flutter Developer, Cyphersol Technologies June 2024 – Present

- Developed and maintained high-performance cross-platform mobile applications using Flutter.
- Integrated RESTful APIs and Firebase services, improving app stability and user experience.
- Implemented GetX state management, resulting in faster development cycles and cleaner code architecture.
- Collaborated with design and backend teams to deliver seamless, scalable mobile solutions.

#### Freelance Flutter & Web Developer November 2024 – Present

- Delivered custom mobile and web applications for diverse clients, ensuring responsive and user-focused designs.
- Built secure, scalable backend systems using Node.js and integrated with MongoDB and Firebase.
- Managed full project lifecycles from requirement gathering to deployment, enhancing client satisfaction.
- Applied best practices in Flutter, RESTful API integration, and UI/UX implementation, leading to high user engagement.

### EDUCATION

#### Bachelor of Science in Computer Science 2022 – 2026

National University of Modern Languages (NUML), Multan

- Focused on software development, mobile applications, and database systems.
- Ongoing final year project on full-stack mobile app development.

#### Intermediate 2020 – 2022

- KIPS College, Multan

#### Matriculation 2018 – 2020

- Ibn e Qasim High School

### ADDITIONAL INFORMATION

- Languages:** English, Urdu
- Awards/Activities:** 1st Place — Library App Development Competition, MNS University Multan.
